Mr. Charles Terreni
Public Service Commission
Post Office Box 11649
Columbia, SC 29211

Dear Charles:

I have been contacted by a group of constituents from Wyboo Plantation who have voiced their concern about potential rate increases that may be assessed on water and sewer services provided by Wyboo Plantation Utilities, Incorporated. I understand that the Public Service Commission has established a practice of scheduling public hearings to facilitate the opportunity for citizens to express their opinions to members of the Commission. Please know how much I appreciate your willingness to consider the concerns of those serviced by private water and sewer facilities.

Charles, the main purpose of this communication is to request that you would review the Commission's calendar to determine if it would be feasible to set a time for a public hearing in Clarendon County prior to the end of November 2006. I propose that you would consider using the Clarendon County Judicial Annex located at 102 Mill Street, Manning, SC as the location for a proposed public hearing. The central location of this facility will provide easy access to the residents of the Wyboo Community.

If the Clarendon County Legislative delegation can assist you in any way to get a public hearing scheduled, please let us know. Please know that I greatly value the work that you do and I will sincerely appreciate any assistance you can provide. I look forward to hearing from you. I am,

Most respectfully,

Cathy B. Harvin

cc: Senator John C. Land
